COLLINGHAM ANGLING ASSOCIATION

COMMITTEE MEETING

HELD AT COLLINGHAM FOOTBALL CLUB 18/7/2018

Ser	Item	Action	Remarks
1	**Present:** A. Treadwell C. Baldwin K. Archer R. Jones N. Lale G. Turner G. Westgate		
2	**Apologies:** K .Clark W. Holland P. Kitchen I. Sparrow K. Morton		
3	**Matters Arsing** The Dyke needs sorting out at Millennium Complex following the work Flying Hire have done. <u>Fence</u> We need to fence our boundary. Masons could potentially do this for us however we need to get two quotes, suggestion that this could be 3-4 feet high and potentially otter proof. <u>Electric</u> There is the option to have electric to our site using Flying Hire however is we did this they would be responsible for setting the cost per unit. It was also mentioned that they could potentially cut off the supply at any time. We need to find out how much they would charge per unit. We could lay the cable ourselves and have the main distribution box in the toilet block. A qualified electrician would need to connect this, however there are a few in the club. Details of where the cable should be laid are to be decided however there was the suggestion that it could be laid under the new fence. Also discussed was having our own supply from Western Power, and the potential of having an alternative energy supply such as solar, though it was mentioned that there could be issued with alternative supplies such as not being able to have three phase electric. <u>Weir</u> R. Jones is the correspondent for the high court judgement. The council admit that they were wrong in regards to the environmental reports and are still waiting on judgement on other things such as the lamprey and impact on the weir pool.	R. Jones to look into quotes R. Jones and K Clark to speak with Flying Hire N. Lale to look into.	

	Hull University have also been in contact and have said that the fish pass that they were planning on putting in was not suitable for Lamprey. The club have enlisted the help of a local eel fisherman by the name of Terry Smith who also knows about the Lamprey in the area. We need to talk to our solicitor and get a signed witness statement about the Lamprey including spawning Lamprey.		
4	**Correspondence:** There was an email from Julie Shaw via Facebook concerning human waste on the river again. Kye has ordered more signs from K. Clark. Also suggested if we cleared out the hedge they would no longer be able to use this area as a toilet. The land agent who controls the weir field has been down regarding concerns over people having fires at the weir. They should not be doing this. Signs have gone up to inform anglers that fires are not allowed. They are now on their 3rd go at replacing the collapsed pipe on the river Trent. There is now a legal battle between the contractors and the people who installed the pipe. C. Baldwin has concerns how some people are treating the toilet block. In particular some of the carp anglers are not treating it with respect. The suggestion was made to ban night fishing if this continues. The land registry for the lakes has now been updated		
5	**Treasurers report:** We are making a slight profit for the season. The Brittania account has been closed and moved to Natwest due to no access to a local branch. 34 letters were sent out and 24 replies from new members. E-mails were then send and there were 2 more replies. This left us 8 members short, so 5 more letters have been sent and the rest to go out tomorrow. £327 needed to pay P. Kitchen for diesel and we still have the insurance to pay.		
6	**Match secretary report:** Mondays Round 1 13 Fished 1st R. Jones 11lb 08oz peg 274		

	Mondays Round 2 11 fished 1st P. Thomas 14lb 08oz peg 12 privates Mondays Round 3 11 fished 1st S. Nicholson 9lb 02oz peg 84 Mondays round 4 11 fished 1st A. Treadwell 11lb peg 239 Mondays round 5 13 fished 1st M. Nicholson 12lb 10oz peg 226 Nicholson Shield 26 fished 1st N. Fisher 132lb 10oz peg 31 Centenary 1st on Willow K . Clark 100lb 07oz peg 24 Vs Barnstone 36 fished 1st M. Warner 133lb 08oz peg 20 Centenary 1st on Willow C. Baldwin 82lb 04oz peg 11 Collingham lead 1-0 611lb 10oz to 352lb 14oz Stan Hunt trophy 16 fished 1st D. Isaaks 25lb 04oz peg 69 Tomlinson trophy 1st K. Clark 24 fished (not going again) Pete and Val memorial 1st P. Chadwick 124lb 24 fished		
7	**Fisheries Officers Report** Fish were rescued from Scarle and put into Willow. Field has been cut P. Kitchen has tidies the river The reeds on the match lakes need spraying P. Kitchen is allowed to also do the fleet. There are some lilies to be sprayed on Kestrel The new lake is about ready to be opened. The Norfolk reed needs replacing by flag iris. The fleet council field needs cutting, C. Baldwin is willing to do it.	. R. Jones to find out if C. Baldwin can cut it.	

8	**Communications Officers Report:** No news		
9	**Work to be done.** Covered above		
10	**New Members** 140 Darren Tingle 141 Derick Broome 142 Collin Spicknall 143 Alan Wilson 144 Chris Cullen 145 Robert McGarry 146 Brinley Marrison		
11	**A.O.B.** K. Wakefield has offered to remove the old gates for us that are currently on the floor near the shed and weigh them in. The club will weigh the gates in on their own. A. Treadwell enquired as to when the minutes from the AGM are released. Issues arising again over short walks following a letter from P. Quinton, R. Jones to look at the letter. Match rules need redefining regarding island throws and gardening.		

	There is too much goose poo around, some of them need getting rid of. Committee match will be on Massingham Sands Islands, match sec to organise.
