COLLINGHAM ANGLING ASSOCIATION

COMMITTEE MEETING

HELD AT COLLINGHAM FOOTBALL CLUB 20/6/2018

Ser	Item	Action	Remarks
1	**Present:** R. Jones, C. Baldwin, K. Clark, I. Sparrow, G. Turner, G. Westgate		
2	**Apologies:** P. Kitchen, N. Lale, W. Holland, K. Archer, G Birkett, K. Morton		
3	**Matters Arsing** <u>Weir</u> Press release either today or tomorrow as the council admits error and revokes planning permission for the hydro scheme at Cromwell weir. Collingham AA have received a letter explaining the details. This came about following a letter from fish legal, as discussed in the previous meeting about the Humber being a site of special scientific interest. <u>Flying Hire</u> Last of the fencing is going up, then we need to put our own fence up and the solicitor needs to draw up and agreement, which includes them not being able to park on the road. Flying hire want three gates placed along the new fence. We also need to speak to flying hire about the dyke. It was mentioned that according to the original deeds flying hire should make a contribution to the upkeep of the road. There was also a question raised by C. Baldwin about their operating hours as he stated that they should only be operating Monday to Friday 6am until 6pm, which currently they do not appear to be sticking to. A price is to be found for the fence, it was also noted that we would like it to look professional as it is a long term investment. There was a suggestion of a plastic coated chain link fence. The width of the gate also needs to be measured to ensure we are in line with what is required on the deeds and also to ensure that the boundary is in the correct place. <u>Electric</u> There is 3 phase close to the site now and it is seen as a priority to get electricity onto the premises.	Quotations need to be found. R Jones is to make enquiries.	

	I. Sparrow enquired as to what had happened to the Ashfield bid. We were unsuccessful in obtaining the water. Cemex wanted the water to continue to be fished so Asfhield have it for another year, however the farmer at the weir end on their side has ploughed the road up.		
4	**Correspondence:** From the Angling trust GDPR advisement that going forward we shouldn't be putting names on the website. Moving forward could we possibly have a section in the book which members sign to allow this.		
5	**Treasurers report:** Treasurer was absent		
6	**Match secretary report:** Proposal about the Rushfield match next year that instead of doing it over 2 dates, only one date is ised and 15 anglers stay on our site and 15 travel to theirs. Concerns over barbel being kept in carp nets on the river as they do not allow sufficient flow through the net, new match rule that there should be no carp nets on the river, silver or river nets only. Short walks have been stopped. May 20th Robinson round 4 31 fished 1st K. clark 106lb 3oz peg 25 Centenary Top willow H. Langley 101lb 9oz peg 27 May 27 Robinson round 5 25 fished 1st K. 7	**Fisheries Officers Report** The Trent the Fleet and the lakes have all had the grass cut. Electric was brought up but covered in previous points. A few trees neet cutting on the Fleet. Propose to open the new lake (Swan Lake) in September. Trent lane To Carlton Ferry is in a bad state. The pipe has collapsed on the weir field, contractors are in fixing this but we will need to inspect once it is done.	. R. Jones to put a request into the parish council to see if anything can be done.	
8	**Communications Officers Report:** No news		
9	**Work to be done.** Covered above		
10	**New Members** 34 new members can be let on, the letters have been sent out.		

11	**A.O.B.** G. Westgate mentioned carp match is fully booked, Dynamite baits would like a poster at the lakes and will donate to the club for functions and the carp charity match. We would like the presentation night held at Cllingham football club, a barrel of bitter and a barrel of larger to be provided by Collingham AA.
