AGM AGENDA: Constitution and Byelaws Modernisation.

As you will know from recent committee meeting minutes the clubs governance guidelines have been in need of update and modernisation and over the last several months the committee have been working hard in accomplishing this, so please see copies of the new drafts enclosed.

In general, the new versions have simply been rewritten and modernised but there are several inclusions and changes, all of which are recommended by the committee but which require appropriate AGM ratification.

To simplify proceedings at the AGM these changes are listed below for all to read in preparation before the AGM, and following a chance for discussion and if need be clarification at the AGM, the changes will be voted on in the usual way.

The enclosed drafts assume that the changes specified meet with membership approval, obviously if they do not then the necessary changes to the documents will be made prior to their being finalised.

Welfare:

With the correct modern focus being on the welfare of all members, the club are committed to meeting its responsibilities and, as can be seen in various sections of both the constitution and byelaws, the committee are recommending several changes as follows;

The creation of the post of Welfare Officer.

Changing the membership age groups and supervision requirements concerning junior members - based on NSPCC guidelines.

Highlighting the importance of parental responsibility.

Regarding more general changes, the committee recommends;

Changing the name of the Communications Officer to Online Secretary.

To increase the existing local boundary area (to incorporate those who live local to the club water at Bassingham) and also to include a secondary, slightly more extensive boundary, so as to prioritise more local applicants where possible (see enclosed maps and Constitution Sect 2c and d for clarification).

The use of prescribed, individualised application forms, available on request via email as and when the waiting list is open (Const. Sect 2b).

To modernise the clubs banking protocols (Const. 10a).

That all club trophies should be kept securely in the dedicated trophy cabinet (Byelaws F2).

To change the club's charity guidelines reflecting the views of many members who prefer to support more relevant causes (Byelaws E).

Routine AGM business:

The committee recommends;

That JB 1-3 shall be designated as members only pews and that night fishing shall not be allowed on this stretch.

That the annual renewal for qualifying seniors (those members who have reached 65 years of age and have been a full paying member for 10 years) should be raised to 50% of the adult rate. This will apply to those who join the club from 2025 and so obviously will not be relevant until 2035.

To allow night fishing on the entirety of The Fleet.
